

God's Message

They saw him in the distance, and before he reached them, they plotted to kill him. Genesis 37:18

A dormant volcano can look peaceful and calm on the outside, yet deep within its core, hot lava continues to build up pressure. Hot lava is rarely contained forever.

Hatred can simmer a long time too. It boils deep down in the soul. Sometimes it leaks out a little, but people who long for complete revenge and satisfaction for their hate, will wait patiently for just the right time to make their move.

Joseph was taken by surprise, he never saw it coming; nor did Father Jacob.

But as Joseph came towards his brothers at Dothan, they saw their chance. Far away from home and for Jacob's protection, this would be the perfect time and place to get rid of "that dreamer" once and for all. After throwing Joseph into the well, they eat their meal as if nothing unusual had happened.

With hatred, people believe that their acts of revenge are justified. Sometimes we nurse our grudges and bitterness in self-righteousness. Yet God comes searching for us. He will not let us wallow in self-pity forever.

If any hatred are boiling in your life, ask God to give you the power to stop them before your looks, words, or actions become hurtful.

Be at peace.
