The Incredible Journey presents: The Hunt for the Tiger (Thylacine)

In 1986, the Thylacine, commonly known as the "Tasmanian Tiger", was officially declared extinct by the Tasmanian State Government in Australia. How did this happen? Despite it being declared extinct, over 3000 sightings have taken place since the last tiger supposedly died in 1936, luring countless adventure seekers, trackers and amateur hikers into the Tasmanian wilderness for a chance at fame and fortune. But the real tragedy is how Thylacine even became extinct in the first place.

3ABN: Pr Gilbert Cangy joins us this week to talk about "Catalyst", a Discipleship course that is run on the campus of Avondale University. This 12-week course is designed to enable people to know Jesus Christ for themselves and to equip them in spreading the Gospel in their everyday environments. They can also use their skills to train church members in how to share the Gospel with others. Pr Cangy is joined on the program by two Catalyst participants, **Tenneh Manyathi** and **Dartagnan Belcher**, who share their experiences at Catalyst and how it has helped them to be more mission focused. The next Catalyst course begins on 29th July 2024.

3ABN Australia's 1 hour interview program, 3ABN Now, can be viewed on 3ABN International every week on Sundays at 7:00pm, repeated Tues., 7:00pm and Wed., 9:00am. The guests this Sunday are Pr Gilbert Cangy and friends (Catalyst Discipleship Training). Next Sunday are Bob and Joy Butler.
