Your talent  
is God's gift  
to you. What  
you do with  
it is your gift  
back to God

*Leo Buscaglia*

**3ABN Australia's** 1 hour interview program, 3ABN Now, can be viewed on 3ABN International every week on Sundays at 8:00pm, repeated Tues., 8:00pm and Wed., 10:00am. The guests this Sunday are Pr Lyndon & Olive Schick (testimony).

There is a saying—you can take the boy out of the country, but you can't take the country out of the boy. That is true for **Pr Lyndon Schick**. He grew up in the country and returned to the country after he married his young sweetheart, **Olive**. But God had other plans for them. It still took years to get them to the work He had planned for them. Lyndon has written a book about his amazing adventures, both before and after marriage. You will enjoy his stories and humour.

Next Sunday is Dr Eddie Ramirez. Apart from the VAST satellite, you can also watch online at [www.3abnaustralia.org.au](http://www.3abnaustralia.org.au), 3abnplus.tv (scroll down to 3ABN Australia), or on the free phone App.

### NEW BULLETIN EDITOR

Please note that Kym Fowler is the new Bulletin Editor for 2025. Her details are listed below

King single timber bed and as new king single mattress to new home for free.

### The Incredible Journey presents: Dr Graeme Clark - Sound from Silence

The multiple-channel Cochlear implant is a life-changing technology that was designed to restore hearing to profoundly deaf people. It was invented by an amazing Australian, Dr Graeme Clark, who regularly took time to pray and allow God to guide him. His father was the local pharmacist and was severely deaf. As a young boy, Graeme assisted his father to dispense medicines. His early experience supporting his father was the catalyst for his passion to work with people living with deafness. His primary school teacher remembers Graeme telling her that when he grew up he wanted "to fix ears." But Dr Clark's motivations were deeper than just addressing deafness. His family raised him in a Christian environment and fostered his inquisitive nature for learning and research.
